Notes to the Financial Statements

Year ended 31 May 2021

1. General information

The company is a private company limited by shares, registered in Scotland. The address of the registered office is Canal Park, Bught Lane, Inverness, IV3 5SS.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax.

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Furniture and fittings - 20% reducing balance Equipment - 20% reducing balance

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

Notes to the Financial Statements (continued)

Year ended 31 May 2021

3. Accounting policies (continued)

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

4. Profit before taxation

Profit before taxation is stated after charging:

9. Events after the end of the reporting period

In March 2020, the United Kingdom entered a public health crisis in the form of COVID-19. This resulted in the bar being closed. At the time of signing the full impact of COVID-19 is unknown however the directors believe, at this point in time, the financial statements should be prepared on a going concern basis. The directors have reasonable expectations that the company will have adequate resources to meet its liabilities for the period of at least 12 months from the date of approval of these financial statements.

10. Related party transactions

Included at note 7 is a balance of £33,046 (2020 - £29,348) due to Highland Rugby Football Club. This is the gift aid donation of £33,046 (2020 - £29,348) which will be paid by 28 February 2022. The remainder of the balance is interest free and there are no fixed terms for repayment.
